19th WORLD CONGRESS OF FOOD SCIENCE & TECHNOLOGY

OCTOBER 23 - 27, 2018
CIDCO EXHIBITION CENTRE, MUMBAI, INDIA

25 BILLION MEALS A DAY BY 2025
with Healthy, Nutritious, Safe & Diverse FOODS

Congress Hosts

Event & Knowledge Partner

INDIA Land of Opportunities for Food Science & Technology And Business

This pictorial representation, does not purport to be the political map of India.

India offers the SCIENTIFIC ADVANTAGE

- ⇒ Affordable Innovation
- ⇒ Global R&D Facilities
- ⇒ Large network of Research Institutes & Academia

India offers the MARKET ADVANTAGE

- ⇒ Global Food Producer
- ⇒ 4th largest economy in terms of purchasing parity
- ⇒ Increasing demand for branded Food

India offers the BUSINESS ADVANTAGE

- ⇒ Robust Economic Growth
- ⇒ Friendly Government Policies
- ⇒ Conducive Ecosystem with skilled workforce

Advantage INDIA

- ⇒ India is one of the fastest growing economies in the world
- ⇒ Largest producer of several agri commodities
- ⇒ Indian ranks 1st in the world in terms of production of milk, bananas, mangoes, guavas, papayas, ginger and okra
- ⇒ India ranks 2nd in the world in production of green peas, potatoes, tea, tomato, sesame and many other key commodities
- ⇒ Strategic geographic location and proximity to food importing nations makes India favorable for the export of processed foods.

There is a tremendous opportunity for investors across the food processing supply chain globally.

The 19th IUFoST World Food Science and Technology Congress will be a 5 day action packed super bowl of programmes that will bring together researchers, academicians, professionals, policy makers and food scientists and industry fraternity to cover the latest advances in our understanding of food in all its manifestations like food safety, food security, regulations, innovations in food processing, hygienic design and engineering, frontier areas in food science & technology, novel food products, markets and consumer preferences and the latest cutting edge technologies in each sector.

The Event highlights include Inauguration, Plenary talks & Distinguished Lectures, Scientific & Poster Sessions, Exhibition - India Food Expo, Workshops, Presentations by Young Scientists, Quiz Bowl, Valedictory & Award Presentations, Gala Dinner & Socio-Cultural events, B to B interactions and even Students & Faculty Meeting with Industry representatives.

Organised By

The International Union of Food Science & Technology (IUFoST) is the global federation of national scientific organisations representing more than 300,000 food scientists and technologists from over 75 countries. It has five regional groupings: ALACCTA representing Central and South America, EFFoST representing Europe, FIFSTA representing the ASEAN region, MENAFoST representing the Middle East and North Africa, and WAAFoST representing West Africa.

IUFoST is the only scientific organization for Food Science and Technology elected by its scientific peers across disciplines into ICSU (International Council for Science), and it represents Food Science & Technology to other international organizations. **IUFoST** organises World Food Congresses, among many other activities, to stimulate the ongoing exchange of knowledge in those scientific disciplines and technologies relating to the expansion, improvement, distribution and conservation of the world's food supply.

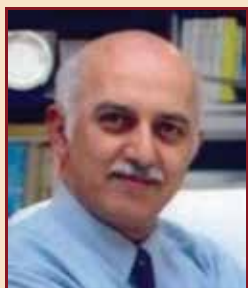

Indian National Science Academy, a premier Science Academy in the country plays a crucial role in promoting, recognizing and rewarding excellence as the adhering body. Another important task is to publish journals, organize scientific discussions and bring out proceedings and monographs. The Academy promotes public awareness and understanding of science. Acting as a link between the scientific community and the planners, they advise the governments on critical issues. Importantly, they serve as forums for interaction among scientists within and outside the country. It recognizes many top young scientists, engineers & technologists by awarding them medals and providing modest support to needy young researchers for pursuing research activities. Senior scientists are honoured with different awards/medals and the prestigious Research Professorship.

MM Activ Sci-Tech Communications Pvt. Ltd. is India's leading event curator in the field of frontier technologies. MM Activ since its inception in year 2000 has held over 100 national and international conventions in sectors like Agrotech, Coffee, Biotechnology, Nutraceuticals, Sustainable Chemistry, Transport & Logistics, MRO, IT & Electronics, Nanotechnology, Renewable Energy, Space Technology, Water, R&D & Higher Education.

MM Activ is also the publisher of Leading Business Magazines - BioSpectrum (Asia & India) & NuFFooDS Spectrum.

A Gentle Message from Chair of the Congress

On behalf of Team India and Team IUFoST, it is a great pleasure and privilege to invite you and the fraternity of Food Scientists and Technologists from your country, region and the segment of industry to this **19th World Congress of Food Science and Technology** which will be held at CIDCO International Convention Centre, Mumbai, India during October 23 to 27, 2018.

The International Union of Food Science and Technology (IUFoST) (a member of ICSU) is a global Scientific Organisation for Food Science and Technology representing over 3,00,000 members from more than 75 Countries along with the many regional groups, disciplinary groups and affiliated bodies and reflects the latest scientific status of Food Science and Technology every two years from around the globe. Even though the IUFoST Congress was held in many Countries several times this is the first time IUFoST is having its global congress in India. In fact, it is coming back to Asia after ten years from Shanghai through Capetown, Iguazu, Montreal and Dublin in 2016.

The First day will be having workshops and second day will have the Gala opening and sessions and Posters and EXPO which is on October 24, 2018, followed by three more interesting days of Science and Technology which is the focus of this Congress.

Together, it is important that it is as much your IUFoST, as much as anybody else and you will make the difference in this Congress by your esteemed presence. Please ensure you will make this congress wider and deeper by communicating with your respective Governments, Colleagues and Friends in the Profession. Look forward to see you in the IUFoST 2018 Congress.

- V. Prakash, Ph.D., FRSC

Chairman, 19th IUFoST World Congress of Food Science & Technology 2018, Mumbai, India

Former Director of CFTRI, Mysore, India

Distinguished Scientist of CSIR, India

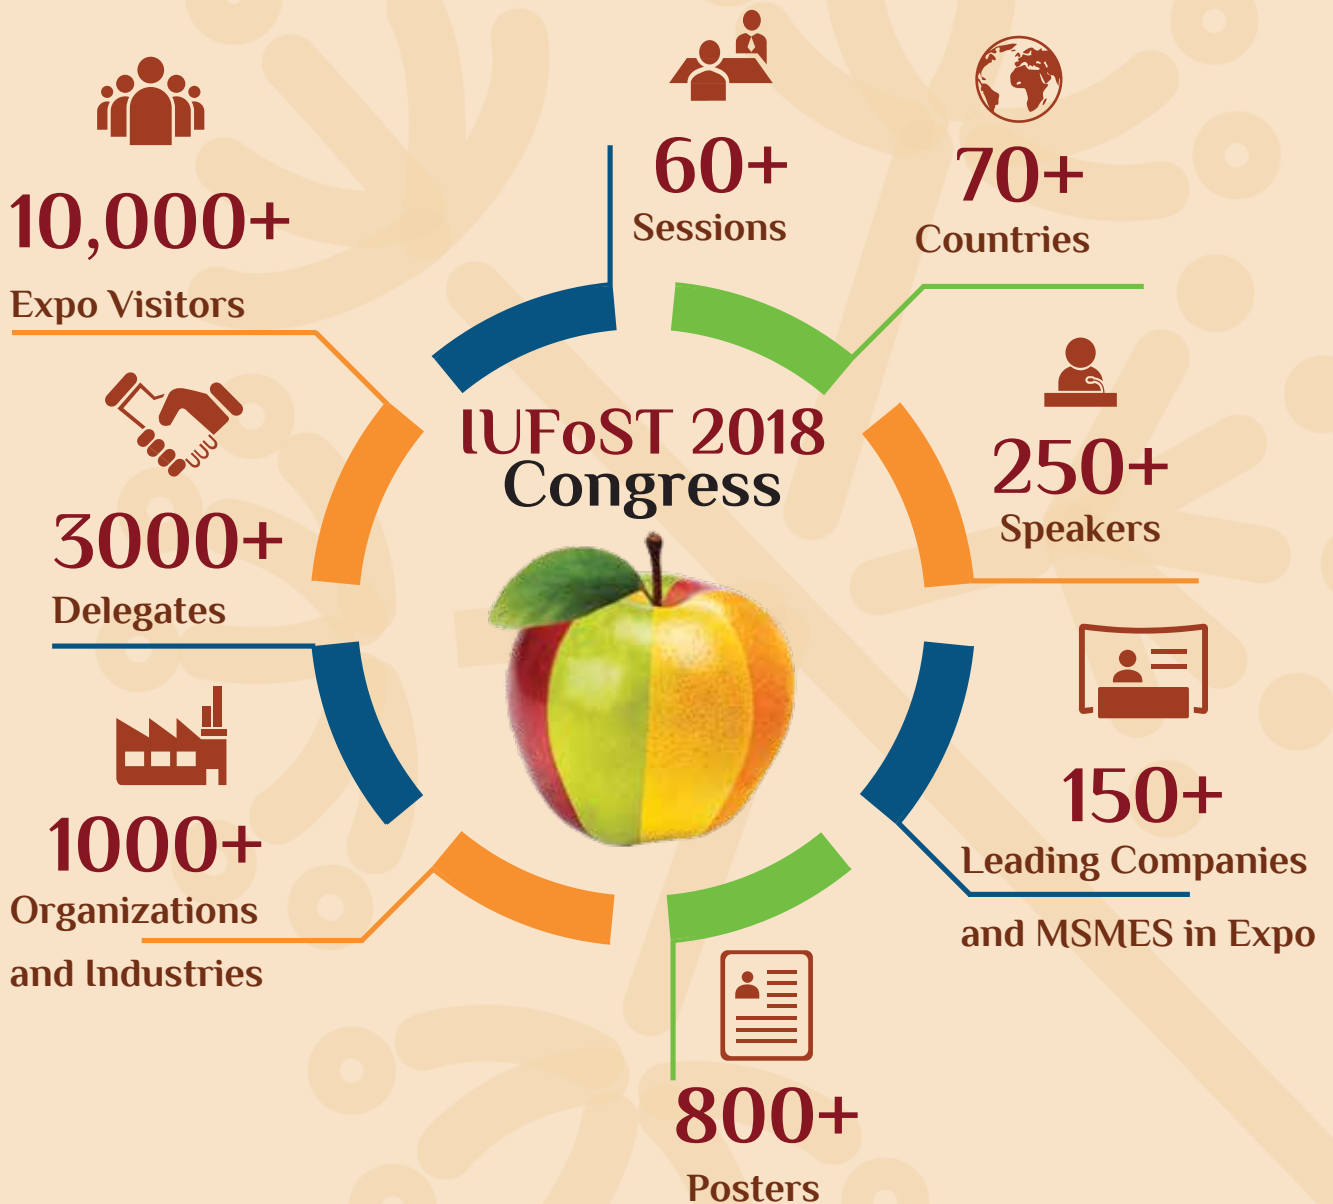

IUFoST 2018 Congress Advantage

The congress would help your organisation navigate to a new zone and would place you among the leaders in the food sector by enabling you to:

- ⇒ Access a plethora of networking opportunities with more than 3500 + delegates and qualified prospects in a positive and collaborative environment.
- ⇒ Underscore your brand-equity and demonstrate your expertise amongst the the drivers of the industry.
- ⇒ Entrench your brand, products & services amongst an interested and discerning audience.
- ⇒ Access multiple business touch-points at one place to initiate dialogue and generate leads.
- ⇒ Educate yourself about the emerging trends, strategies and business opportunities that you can bank on.

Global Scientific Conference

The 19th World Congress of Food Science & Technology for its Delegates, Invitees and Visitors, shall be a rich bowl of intellectual stimulations in the subject area of their interests and those that are emerging in the present global scenario. In this background, it is planned to have 60 plus parallel sessions with participation of about 250 speakers.

The 19th IUFOST World Congress will bring together Policy makers. Researchers and Food Fraternity to cover Latest advances in our understanding of Food in all Its avataars. Food Safety, Food Security, Global Harmonization, Innovations in Food Processing, Hygenic Design and Engineering, Frontiers Sciences and their impact on Food, Novel Food Products, Markets and Consumer Moods and much more.

Focused Sectors

- Biochemistry, Nutritionals, Nutraceuticals and Functional Foods
- Food Engineering
- Traditional, Indigenous and Ethnic Foods
- Food Chain Logistics and Food Packaging
- Food Analysis, Food Safety and Quality
- Chemistry and Biochemistry of Foods
- Molecular Biology, Biotechnology and Microbiology of Foods
- Food Composition, Nutrition, Health and Wellness
- Value Addition to Agri Materials Through Innovative Food Processing for Better Products
- Sustainable Food Security, Food Losses & Wastes and Future Foods
- Capacity Building & Leadership, Training and Informatics

Delegate Registration Tariff

Category	Early Bird Offer Up to 15 th May 2018 (Amount in INR)		
	Student	Academia , R&D Institutes	Regular

Poster Presentations

One of the major scientific programmes of IUFoST 2018 Congress is the poster presentation. It provides a unique opportunity for students, researchers, academicians and Industry R&D to present their research breakthroughs in multi-facets of food science and technology and interact with global and national scientific fraternity.

Poster presentations offer a opportunity for the young students and researchers to share their research intellect and sharpen their scientific capabilities as well as look out for career opportunities in their area of expertise.

Poster presenters will have the opportunity to interact with Distinguished delegates from across the globe representing;

- National institutions
- Centres of academic excellence
- National & multi-national business houses
- Government policy makers
- Non-government organizations
- Other leading professionals from the Food Industry

Food Expo

The Expo will showcase an exciting array of Food Products from across the Globe and India and be abuzz with B2B Meetings and Interactions. Networking events would offer opportunity to relax with friends from the sector, make new contacts and take forward business relationships in a congenial environment.

Exhibitor Profile

- Food / Beverage Manufacturers and processors
- Suppliers of Food Ingredients and additives.
- Laboratory Equipment/Instrumentation Suppliers and testing services
- Processing Instrumentation/Equipment Suppliers
- Packaging Instrumentation/Equipment Suppliers
- Services (Consultant, Patents, Training etc.)
- Wellness Industry
- State Govt. and Central Govt and other relevant Departments
- Food Parks
- Universities and Educational Institutions
- Trade Commissions, Associations, Banking Sector, Financial Institutions etc.
- National or international food & grocery retailer/e-retailer
- Global supplier integrated with the global value chain
- Research & Development Labs and Institutions
- Infrastructure including cold chain, storage
- Transportation — refrigerated / insulated — and provision of other logistics
- Niche products (organic, fortified food, nutraceuticals, infant food, traditional food etc.)
- Food additives and preservatives
- Packaging materials and machinery
- Harvest and Post-Harvest management
- Distribution and marketing
- Hygiene and Sanitation Vendors
- Specialized foods for Aviation, Defense & Space sectors

The above list is illustrative and not exhaustive

B to B Profile

- Top leaders in the Food Fraternity (includes CEO's, CSO's and CXO's) - for creating, communicating and sustaining strategic initiatives
- Policy makers and Regulators- to get a wider understanding of medium to long-term regulations and to make important organizational decisions
- Venture capitalists, Private investors and financial advisors looking for investment opportunities in the Indian Food Industry
- Strategists and Business managers- for planning and executing managerial and technical practices in the most profitable manner
- Analysts and Technologists - for cost effective and state-of-the-art techniques that can be implemented in commercially viable projects
- Researchers and Academics- to discover, interpret and develop methods for the advancement of knowledge

Entitlements for a 9 sqm Shell Stand Booth:

- 1 Table
- 2 Chairs
- Carpeted Flooring
- Octonorm Panels
- 3 Spotlights
- Waste Paper Basket
- Company name on Fascia
- 1 Electrical connection of 5 amps
- Listing of Company Profile in the Exhibitor Directory

About Mumbai

It would sound very cliched to call Mumbai the New York of India, but that is what describes this city of Dreams best. It depicts a place that is always up and about, a city with a never say Die spirit! Mumbai is a melting pot of different cultures, thoughts and foods from across the World. It is also the heartland of world famous movie making, popularly known as Bollywood!

Mumbai is the Financial & Commercial Capital of India. It is also the nation's industrial heartland, and economic nerve centre. Mumbai popularly known as the "city that never sleeps" generates 25% of India's industrial output, 5% of India's GDP, 70% of the total capital transactions that take place in the Indian economy and 40% of the maritime trade. It houses important institutions such as the Reserve Bank of India, The Bombay Stock Exchange, the National Stock Exchange and numerous Multi-national corporations and Indian companies. Mumbai has a pride of place in the growth of Indian Television Industry and many Hindi Film studios are based here.

The City's Industries include Petrochemicals, Automobile manufacturing, Metal industries, Electronics, Engineering, Food processing and a wide range of light manufacturing Industries and an array of leading educational Institutions. More specialized economic activities are Diamond cutting, Computers & related Industries and movie making (Mumbai is the Bollywood Capital of the World). Mumbai has also played a key role in the phenomenal growth of Indian television industry.

You can also see a perfect blend of many communities & cultures in Mumbai including a variety of Ethnic and Traditional Foods spread across length and breadth of Mumbai. A city well connected to most countries by direct flights has a modern Airport which is about 45 minutes by Taxi to the venue and its surrounding hotels.

About Venue

CIDCO Exhibition Centre is Mumbai's only planned state-of-the-art Convention Complex that has an Exhibition Centre, Conference Facilities and Business Centre with ample parking.

The Centre is most strategically located at Vashi, adjacent to Mumbai-Pune Highway. The Venue has in the close vicinity Railway Station, Multi-Cuisine Restaurants, Business Hotels of varying categories, MNCs, Educational Institutes, well-known DY Patil Stadium and places of entertainment. The Centre undoubtedly has all the elements required to ensure easy access and make the event a grand success!

Sponsorship Opportunities

Sponsorships at IUFoST 2018 will help in creating positive publicity and heightened visibility among the targeted audience of over 3000 plus conference delegates and nearly 15000 plus business visitors. Various categories of Sponsorships are designed to increase your organization's Brand recognition and achieve clear differentiation from your competitors.

The event will be extensively promoted to create awareness and bring in participation through ATL & BTL promotional activities that include media such as Print, Radio and Outdoor publicity. The planned Social Media Engagement and Online Marketing will help in reaching out to a wider audience.
